

STRIKE SITUATION RAPIDLY GROWING MORE CRITICAL; NEW YORK NOW FEELS ITS EFFECT

Strike Has Spread to Country's Metropolis as
Predicted, and General Strike May
Be Ordered

COLUMBUS OPERATORS AND MESSENGERS OUT

President Roosevelt Is Keeping His Hands Off and Labor
Commissioner Neill is Hard at Work--Pres. Small
May Order General Strike So Government
Will Demand a Settlement--Arbitration
is the Only Remedy.

In the midst of a press telegram to the Advocate this afternoon, the wire some place between Newark and Cleveland was broken and the message was ended. This is the first time Newark has been seriously affected. It is not known whether a plug was pulled or whether the connection was only temporarily broken. A direct connection was made from Newark to Cleveland on account of the strike in Columbus.

New York, Aug. 12.—The strike of several hundred Western Union operators in the New York Main office was followed by the entire Postal force. Pittsburgh, Washington and Cleveland will probably fall in line by night. Other telegraphic centers are expected to follow rapidly.

Chicago, Aug. 12.—Chicago is isolated telegraphically. Supt. Cook of the local Western Union office admitted this to the United Press at noon. "The strikers have put Chicago off the map," he said. "We have men to work, but cannot keep a wire more than two minutes. We have reason to believe that the railroad telegraphers have reserved a secret order to put Chicago out of business. They are doing it. As soon as a Chicago message is heard going over the wire, it comes a plug and we are done." Conditions are the same with the Postal company.

NEW YORK, Aug. 12.—Action looking to a strike of the 3,000 telegraph operators in this city has been deferred until next Friday, pending an important conference in Chicago early this week, at which Charles Neill, United States labor commissioner; Samuel J. Small, president of the telegraphers' union; Samuel Gompers, president of the American Federation of Labor, and Ralph M. Easley, chairman of the executive council of the National Civic Federation, will endeavor to effect an adjustment of the difficulties between the telegraph companies and their employees throughout the country.

THE DECISION WAS REACHED AT A meeting of the local telegraphers' union. News that Commissioner Neill was en route to Chicago to try to bring about a settlement, was announced at the meeting by James P. Archbold, secretary of the National Civic Federation, who said that the commissioner would proceed in the matter at the request of President Roosevelt. Secretary Loeb said at Oyster Bay that the president had not directed Commissioner Neill to intervene in the strike and that Labor Commissioner Neill had not informed the president of his action. Secretary Loeb added, however, that the commissioner had full power to act in the matter without the executive direction.

DEPUTY PRESIDENT PERCY THOMAS of the telegraphers' union announced after the local meeting that President Small and members of the national executive committee would meet in Chicago Thursday to discuss the advisability of calling a general strike. Mr. Thomas said that he had made arrangements to call a general strike in all cities and towns east of Pittsburgh, and that the calling out of the operators depended on the report of the Chicago conference.

THE MEETING OF THE local telegraphers' union was punctuated with acrimonious discussion on the question of deferring action on a strike, and it was only after a three-hour argument in which local union officers used all their efforts for deferment that the decision was finally arrived at giving the local executive committee full power to call a strike if the Chicago conference failed to result in material concessions to the local employees of the Western Union and Postal Telegraph companies.

POSTAL OUT AT DENVER. Denver, Colo., Aug. 12.—All postal operators here have struck in sympathy with the striking key workers.

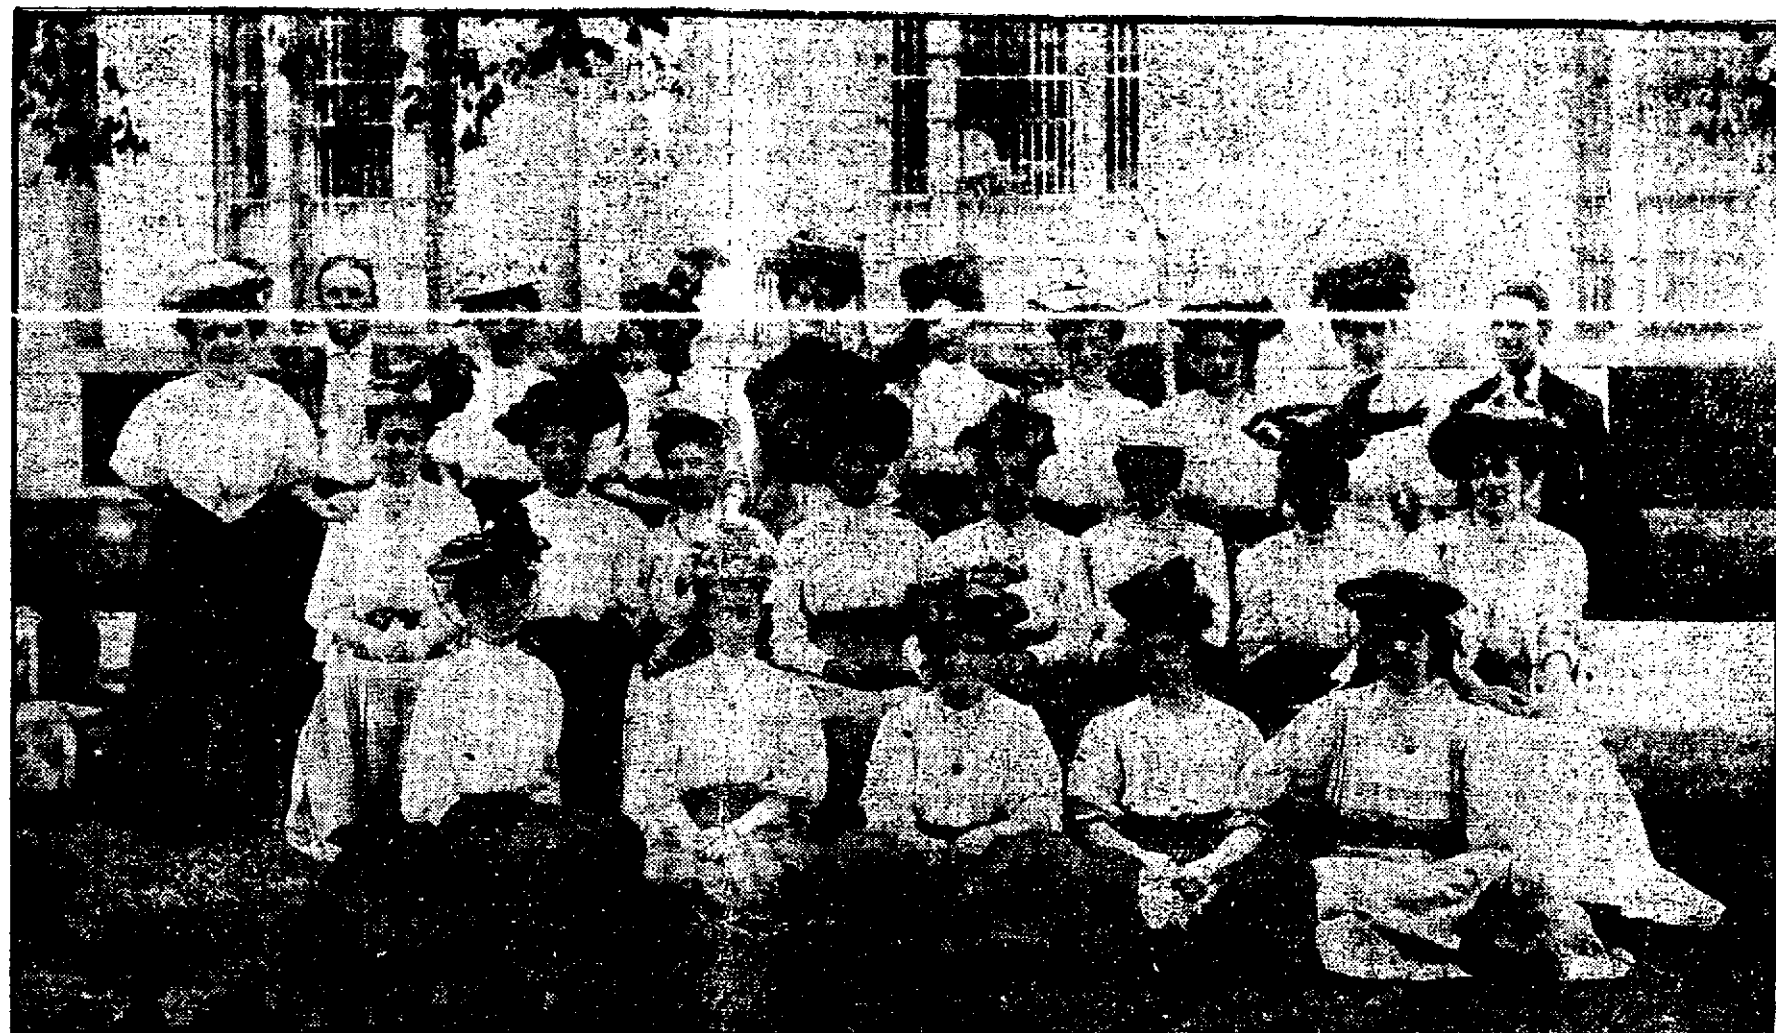

MAY ORDER GENERAL STRIKE. San Francisco, Aug. 12.—It was announced by S. J. Small, National President of the Commercial Telegraphers' Union of America, that if by Tuesday next no way is found to bring about a settlement of the telegraphers' controversy, a general strike will be called by him. Mr. Small further said that he had advised Charles P. Neill, United States Commissioner of Labor that he would agree to an immediate resumption of work if the government would insist on an investigation or arbitration of the telegraphers' grievances.

PRESIDENT WILL NOT TOUCH STRIKE TROUBLE. Oyster Bay, Aug. 12.—President Roosevelt is maintaining a rigid "hands off" policy in regard to the telegraphic strike. According to Secretary Loeb, the executive neither received from nor sent to Labor Commissioner Neill any communication regarding the strike.

THE EFFORTS NEILL IS MAKING TO effect a settlement are on his own initiative. Any communications received at the executive office, bearing on the strike situation are transmitted without comment to Neill. President Roosevelt will make no comment on the situation.

THE ADVOCATE GIRLS AT "WHITE HOUSE OF THE CONFEDERACY".

Top row standing, reading left to right: Miss Mame Bentz, Mr. C. C. Doughty, Misses Earle Goff, Nellie McCormick, Mildred Hays, Minnie Bonham, Cora Dair, Clara E. Bucy, Minnie Keelin, Mr. C. H. Spencer.

Middle row: Misses Maude Botts, Hannah Beaver, Alice Young, Mrs. C. H. Spencer, Mrs. H. R. Emery, Misses Anna Stare, Maggie Taylor, and Sue McCarton.

Bottom row: Misses Strodler of Columbus, Susie Davis, Florence Madden, Estella Emery and Ethel Stanton.

This photograph was taken on August 8, 1907, at the south side of the Jefferson Davis Mansion, the "White House of the Confederacy," at Richmond, Va., by the staff photographer of the Richmond Times-Dispatch. The picture was conspicuous in Friday's Times-Dispatch. That paper, the leading one at Richmond, had previously printed a highly complimentary notice of the Newark and Coshocton girls' visit to the Capital of Virginia.

HARRIMAN PREDICTS COAL SHORTAGE

Says Big Increase in Consumption of
Coal Will Cause Its Scarcity
Coming Winter.

OMAHA, Neb., Aug. 12.—E. H. Harriman and his two sons were here for a day on their western vacation trip, which the railway magnate is making in his special train. The Harriman party was accompanied from Chicago to Omaha by President Harahan of the Illinois Central. Mr. Harriman gave out a long interview. He declined to comment upon recent court actions against corporations. Magnate Harriman said: "I think we shall have a coal shortage this winter, due to the general increase in the consumption of coal by reason of the great expansion of all lines of industry all over the country, and also the fact that some mines are not able to turn out as much as they might because of a lack of labor. Then there is the shortage of freight cars to be reckoned in. I want to say a word in reply to the general charge that the railroads are wholly to blame for car shortage. The charge is unjust in many cases. Numerous causes conspire to bring about a shortage or congestion in cars of which the people know nothing, and they are causes for which the railroads are not responsible and which they can not avoid."

WM. D. HAYWOOD SPOKE AT CHICAGO

Acquitted Man Was Accorded Enthusiastic Welcome By Chicago Socialists.

CHICAGO, Aug. 12.—William D. Haywood, recently acquitted of the charge of complicity in the assassination of ex-Governor Steiengenberg, was given an enthusiastic welcome by a large crowd, composed chiefly of Socialists, here. He was escorted to the park by a trio of labor union officials and introduced to the assembly by E. N. Nockels, secretary of the Chicago Federation of Labor. Haywood delivered an address, in the course of which the name of President Roosevelt was greeted with hisses and cheers followed the mention of "undesirables."

YELLOW JACK IN AMERICAN GARRISON

Ten Cases Now Reported and Hospital Corps Is Working Hard to Stop Epidemic.

HAVANA, Aug. 12.—The outbreak of yellow fever in the American garrison at Cienfuegos proves to be much graver than was at first supposed. Eight additional cases were reported, making a total of 10 cases thus far. A rigid inspection of the quarters of the men has been made by the hospital corps, and the utmost care is being taken and every precaution enforced to prevent a spread of the disease to the remainder of the garrison.

FOUR DROWNED IN A COLLISION IN LONG ISLAND SOUND TODAY

NEW YORK, Aug. 12.—Four lives were lost and 400 passengers, half of them women, were thrown from their berths and into a panic by a collision early today off Bridgeport, Conn., between the sound steamship Tennessee of the Neptune line, and the schooner Myronus. The Tennessee was steaming through a dense fog when the schooner loomed up dead ahead.

THE SCHOONER SANK ALMOST INSTANTLY. The captain was picked up, but four of his crew were drowned. Parts of the Tennessee's rail were torn away, the steering gear was disabled, and for a time it was believed the steamship, too, would sink. Frightened passengers rushed on the deck in their night clothes. Despite the officers' attempts to restore order, the wildest terror prevailed. The New Bedford liner, the Maine, ran alongside and took the crowd aboard. The Maine arrived here with the Tennessee's passengers today. The Tennessee, with her crew still aboard, is anchored near the scene of the collision.

STANFORD WHITE'S WIDOW TO WED HIS BUSINESS PARTNER

NEW YORK, Aug. 12.—Mrs. Stanford White, widow of the man killed by Harry K. Thaw, according to a rumor among her friends, is to marry Chas. F. McKim, White's former business partner.

THE WEDDING WILL OCCUR, REPORT has it, as soon as Thaw's trial ends and the sensation caused by the tragedy has died out. Rumor of the coming marriage has been circulated in London and Paris, where both Mrs. White and McKim have been visiting separately. A cablegram sent to McKim in Europe asking him if he is to marry Mrs. White, drew no denial.

MORE SOLDIERS TO STOP THE "HOLY WAR"

TANGIER, Aug. 12.—Twenty thousand additional soldiers are needed in Morocco to end the Holy War now raging throughout the country and to restore order. Unless heavy reinforcements are speedily forwarded from France and Spain the Moor may get beyond control.

General Druce, commanding at Casablanca, admits his inability to quell the rebellious natives with his present force. The Moors have been joined by thousands of tribesmen from the interior.

Attacks on Casablanca continue almost hourly. The Moors manifest the greatest disregard for death. While hundreds fall in each assault there are thousands apparently ready to take their places. Tangier is still threatened by natives today. The general situation is even more critical than last week.

FOUND BODIES OF PARENTS WITH BULLET HOLES

Noblesville, Ind., Aug. 12.—When their 19 year old daughter called today at the home of Mr. and Mrs. Geo. W. Hudson, on a farm near here she found the dead bodies of her parents, the father shot through the heart and the mother through the brain. The home had been ransacked and \$2,000 which Hudson received yesterday for his farm, was gone. The old people had evidently been slain as they slept.

SEC. TAFT HASTENS TO THE BEDSIDE OF HIS DYING MOTHER

MILBURY, Mass., Aug. 12.—Secretary Taft is expected here today to join the family group about the bedside of his mother, whose condition gives little hope of recovery. He left Canada yesterday in response to a call from relatives here.

YOUNG MAN SHOT FOR NEGRO BURGLAR

MONTGOMERY, Ala., Aug. 12.—W. J. Patterson, Jr., son of a local printer and publisher, was shot and mortally wounded by Fremont Throver, the 18-year-old son of Judge Fremont Throver, a friend and neighbor of Patterson. Throver and young Patterson had answered a call for assistance from a neighbor of the family who had been awakened by a negro burglar in their room. Patterson fired the contents of a shotgun into his abdomen at short range. Patterson cannot survive.

Hon. James J. Fitzgerald, prominent attorney of Louisville, Ky., is dead.

Robbery reported of 50 pounds of gold dust, valued at \$12,000, from a registered mail sack between Eagle and Rampart, Alaska.

At New Albany, Ind., David J. Hawkins, a switchman, fatally wounded Mrs. Hattie Zurschmide and then committed suicide. Jealousy.

MUCH DAMAGE DONE BY BIG TORNADO

Lacrosse, Wis., Visited by a Big Wind
Storm and Many Buildings
Were Wrecked.

LACROSSE, Wis., Aug. 12.—The worst tornado ever experienced here swept through the city, and in 15 minutes had done thousands of dollars' damage. The storm worked great havoc to factories, residences, churches, electric companies, and brought to earth thousands of the most beautiful shade trees, making the streets and walks in places impassable. The tornado was accompanied by a furious rain. The day was fair and warm, with no prospect of weather disturbances, and hundreds of people were already upon the river for the day or had gone into the country on picnic parties. The greatest alarm was caused when the savage, twisting wind struck the water and the frail pleasure craft on it. In many cases the boats were swamped, the occupants being thrown into the water and obliged to swim to shore. There are reports of drownings, and one witness claims to have seen a boat containing two men overturn and go down with its passengers, but there has as yet been no confirmation of these reports.

CONVICTED BOODLER DEAD AT ST. LOUIS

ST. LOUIS, Aug. 12.—Jeremiah J. Hannigan, former member of the house of delegates, who was the first delegate to be convicted and sentenced to the penitentiary for boozing, is dead. He had been an invalid for months. He was 50 years old and unmarried. He served a sentence of 13 months in the penitentiary, and when he was released his friends met him at the train with a brass band.

NEW SHIP LARGER THAN DREADNAUGHT

WASHINGTON, Aug. 12.—Naval circles are agitated over a report that the British admiralty is about to lay down the keel for a giant ship that will be 50 per cent greater in tonnage than the Dreadnaught. It is difficult to secure any information respecting the plans for this ship, and it is said that the British government is proceeding as it did in the case of the Dreadnaught, to build the vessel behind closed gates. It is understood that the new ship is to be of no less than 20,000 tons displacement, against 20,000 tons of the Dreadnaught.

Tribe-men Attack Troops.

PARIS, Aug. 12.—The official news received from Tangier shows a serious condition of affairs there. A region around Casablanca is swarming with thousands of fanatical tribesmen who, mounted on superb horses, are swooping down incessantly upon the French forces, but are never able to drive home their attacks against the withering fire of rifles and guns of the troops. The reckless courage of the tribesmen is attested by the manner in which they return to the onslaught.

VOYAGE THROUGH OCEAN WAS TOO MUCH FOR GIRLS

THEY WERE INDISPOSED TO VISITS
THEY WERE NOT AT ALL
SEASICK.

GENERAL GRANT AT DINNER

Excellent Program For Monday Was
Carried Out and Weather
Remained Fine.

FORTRESS MONROE, Va., Aug. 12.—Monday's program for the girls began at 7 o'clock and included visits to Fortress Monroe, Phoenix, Hampton, Soldiers' Home and Indian School, Newport News, Norfolk, Cape Henry, Virginia Beach bathing and a trip to Ocean View. Everyone in the party enjoyed themselves thoroughly having a most delightful time at all the points visited.

Sunday after attending services at the church a trip was taken to Yorktown and the girls succeeded in getting some splendid souvenirs from the Cornwallis Cave.

The party boarded the boat at Old Point Comfort at 11 o'clock Saturday night, arriving at Yorktown the next morning. We met Mr. and Mrs. Zella Perry on the boat and had a pleasant visit. All the girls experienced what usually happens the sea voyager on their initial trip—seasickness. Each was handed a lemon and managed to pull through all right.

A splendid course dinner was served at the Hotel Chamberlain Sunday night. Elegant music was rendered by the Mexican band from the Exposition. General Grant took dinner with us at the Chamberlain.

Strange, but half the girls declare today that they weren't seasick at all from the boat ride, just a little bit indisposed.

The girls stood in the pew occupied by President Tyler's family at St. John's church at Hampton this morning. We reached Norfolk at noon exactly. The girls decided to omit the trip to Portsmouth, preferring to spend the time at Virginia Beach. The bathing is fine and the girls are enjoying it this afternoon.

The weather is fine and everyone is enjoying themselves and looking forward to the good time which they expect to have during the balance of the trip.

ADVOCATE GIRLS SEND WORD HOME FROM JAMESTOWN

River Trip Down the James to Exposition One of their Pleasures of
Big Trip.

(By Staff Correspondent.)
ON BOARD STEAMER POCAHONTAS, enroute Richmond to Jamestown Exposition, Aug. 9.—I left the boat a few minutes ago to send you a telegram from Grant's old headquarters, the steamer having stopped to take on a cargo of merchandise for the mouth of the James river. I had some difficulty in getting the dispatch on the wire as it had to be telephoned to the nearest telegraph office ten miles distant.

AFTER A splendid breakfast on the steamer, the girls went to the upper decks and spent the morning in writing souvenir postal cards to home folks and in admiring the scenery on either side of the muddy James. Now and then the boat passes a magnificent colonial residence and the captain of the boat who, like everybody else, is exceedingly kind to the Advocate girls, takes pleasure in pointing out and explaining places of interest along the line.

Picture card dealers in Richmond and Washington did a land office business during the Advocate girls' stay and if this keeps up during the remainder of the trip the postoffice department will be able to declare a dividend at the end of the year. One of the party has already mailed over 200 souvenir cards, another has sent nearly 150 and nearly all have mailed scores of cards back to old Ohio. The picture cards in nearly every case represent scenes visited by the girls and they feel that in this way they can in a measure share with home friends the pleasures they are experiencing.

A moment ago the boat made another stop and as the gang plank was thrown out a tall dark-complexioned woman with her little negro baby came aboard. The woman was gowned in light green lawn with bright pink trimmings, gorgeous hair ribbons and a

POWER OF SOCIALISTS

Will Soon Rule the World, Says Professor Bushnell.

INCREASING SOCIALISTIC VOTE

Unequal Distribution of Wealth and Poverty the Cause, Says Lecturer. One-twelfth of American Wealth Represented by Steel Trust Directors.

Professor Charles J. Bushnell recently delivered a lecture at Washington in which he said that the time was not far distant when the Socialists will hold the balance of power in the national governments, if, indeed, they do not now control in several of them.

"The improvement of industrial conditions" was the subject of his lecture, and he laid particular stress upon these propositions, says a Washington special to the New York World:

"That since the organization of the trusts (of which, out of the 400 largest, all but ten have been started since 1850) there has been a wonderful increase of trust-made products, amounting in many instances to two, three, four and even six fold.

"That the wealth of the country is increasing at the rate of \$5,000,000,000 a year. That its distribution is becoming increasingly disproportionate, causing great injustice, hardship and suffering.

"That the control of the nation's wealth and through it of the nation itself is fast centering in the hands of a few, one-eighth of the families now owning seven-eighths of its wealth. It is said on good authority that the control of one-twelfth of the nation's wealth is represented at the meeting of the twenty-four directors of the United States Steel corporation alone and that the all important railway systems of the country are controlled by just six men, with only one supremely dominant.

"That, on the other hand, 10,000,000, or one-eighth of the people of the country, are in constant poverty, while 4,000,000 are paupers.

"That through poorly co-ordinated and selfishly administered industrial enterprises nearly 1,000,000 ignorant immigrants are landed each year and congested in the most crowded industrial centers. In the city of New York an average of one immigrant arrives every forty-two seconds, and an arrest occurs every four minutes.

"That under the pressure of these abnormal conditions thinking, smoking, drinking, suicide, insanity, robbery, graft and social vice are increasing faster than the population, causing financial loss that more than counterbalances our annual national gain of wealth.

"There are many people in this country," said Professor Bushnell, "who still do not think that any important changes have lately occurred or are about to occur in our industrial and political life. To convince such that they should be more wide awake to the signs of their times let me present, as an inflexible adherent of no one political party or creed or tenet, a few evidences that 'the old order changeth, yielding place to new.'

"The modern trust is the response under individualistic conditions to the inevitable demand for a more unified and economical business organization. And socialism itself, with all its past faults and failures, is but the further effort to carry the will of the people effectively into our industrial as well as our political life. By its demand that we should own and control collectively what we need to use collectively socialism is a protest against the theory that all a workingman needs and wants are a roof, a family and a full dinner pail. It is an aspiration for a fuller and nobler social life.

"So we might point out the same democratic tendency in every other great social reform force of our day. That many people are coming to believe in socialism Europeans are much better aware than are Americans.

"Here is a statement of the increasing Socialist vote of recent years in the different countries:

Year.	Vote.
Germany.....1867	30,000
Germany.....1907	3,250,000
France.....1867	47,000
France.....1907	830,000
Great Britain.....1885	55,000
Great Britain.....1906	245,000
Italy.....1893	45,000
Italy.....1900	215,500
Belgium.....1894	320,000
Belgium.....1902	455,000
Switzerland.....1894	100,000
Denmark.....1872	283
Denmark.....1903	55,000
Austria.....1897	720,000
Austria.....1901	780,000
United States.....1888	2,068
United States.....1904	445,403

"Some of these votes, notably in Austria, have greatly increased since the last date here given, the total Socialist vote of the world having increased from 30,000 in 1867 to more than 7,000,000 today. In 1906 there were 687 Socialist journals and 321 Socialist legislators out of a total for the leading countries of the world of 5,192. In the principal countries of Europe the Socialists have now set the main issues for every political party, and it appears to be only a question of time and a not very distant time when they will do so in America.

"At the present rate of increase, in spite of all kinds of legal and political obstacles, how long do you think it will be before the majority of the great nation's 5,000 legislators are Socialists? And, if this majority is gained, then the question of industrial betterment is bound to take a new turn, for which every intelligent person should be prepared.

"If we can keep our American citizenship unselfish, intelligent and truly patriotic we need have no fear for the future. If not we will have trouble."

Burbank Daisy Its Official Flower.
The Alaska daisy, conceived by Luther Burbank of Santa Rosa, Cal., five years ago, will be adopted as the official flower of the Alaska-Yukon-Pacific exposition, says the Seattle Times. The Alaska daisy was grown by grafting a field daisy and a chrysanthemum. Extensive beds of Burbank's flowers will be scattered through the 1909 fair grounds.

OPERATORS STRIKE

(Continued from page 1.)

States and Canada within 24 hours, according to National Secretary Russell of the telegraphers' organization. This statement was made by Mr. Russell after he had been informed of the action taken by the men in New York, who at a meeting there decided to hold a walkout in abeyance until the latter part of the week. Said Mr. Russell: "The strike has come to a point where there can be no backing down. The telegraphers have been trodden on long enough by the companies, and now that we have the opportunity we are going to use all our strength to enforce our demands. For several weeks President Small and myself have been holding the telegraphers back and have been advising conciliation, but they have taken matters in their own hands and we are going to stand by them. No union man will be allowed to work with anyone not belonging to our organization, and this means that when the business of the week begins, the strike will become universal. We can't go half way in this matter now. The strike has been precipitated by the men themselves, without the sanction of the national officers, but are now all working in unison, and anything that the officials of the various unions throughout the country have done in calling strikes meets with our hearty co-operation."

The men employed by the press associations presented their request Sunday night, and the employers were given 24 hours to comply with the request. The schedule will call for \$35 a week for six nights a week and 70 cents an hour overtime, eight hours to constitute a day's work, with half an hour for lunch. The operators employed by the news companies and newspapers in the daytime will ask for \$30 a week and 60 cents an hour overtime, eight hours to constitute a day's work, and the regular lunch hour. These requests will be presented to every news-gathering organization in the United States and Canada, and 24 hours will be allowed for an answer.

Before the mass meeting, a meeting of the 320 union telegraphers employed by companies using leased wires was held. At this gathering brokers, news agencies and commercial organizations, including the big packing houses, were represented. A resolution was adopted declaring that this class of labor was underpaid and the various firms would be asked to sign a wage schedule and also to employ none but union telegraphers. It was decided to let the private wire men prepare and present their own schedules to their employers. The broker men will ask for a minimum wage of \$30 a week.

The Order of Railway Telegraphers was represented at the meeting by their national secretary, Mr. Quick, who informed the strikers that his organization was at their disposal both morally and financially. "We have \$1,000,000 in our treasury," said he, "and it is at your disposal. Your fight is ours, and we will stand with you until the end."

Messengers Go Out.
Columbus, O., Aug. 12.—Three more Union operators joined the strike of the strikers, and 25 messengers, catching the strike fever, quit their jobs. The Postal operators have not yet been affected, but the operators there are awaiting the call for a general strike. The local manager of the Western Union said that all business offered was being taken care of, and that he expected more men to take the places of the strikers. Pickets of the strikers patrolled the street in front of the Western Union offices, but none of the men working were molested.

Telegraphers' Demands.
Kansas City, Aug. 12.—All the striking telegraph operators of both companies in this city held a joint meeting and decided upon a schedule of demands. The demands to be presented to the two companies are practically identical. The strikers demand of each company a 15 per cent increase in wages and an eight-hour day.

At Washington.
Washington, Aug. 12.—Washington local of the telegraphers' union by a close vote decided to wait upon the managers of the Western Union and Postal and demand the same concessions which have been made at other points. It was also decided that operators should refuse to work on union wires.

ALL UNION MEN IN COLUMBUS ARE OUT.
Columbus, Aug. 12.—All union operators in the Columbus office of the Postal Telegraph Co. struck Monday morning in sympathy with the Western Union operators. The messenger boys are also striking.

Military Store Burns.
Memphis, Tenn., Aug. 12.—Fire gutted the retail military store of J. Summerfield and the retail jewelry store of the Burns Barry company. Loss on stock and building \$59,000, partly covered by insurance.

Rioting at Belfast.
Belfast, Aug. 12.—Serious disorders occurred here again. Numerous strike meetings were held, which led to some wild scenes in the dock quarter. Opposing crowds in Queen's square indulged in free fighting, and the troops not being on duty the police had trouble controlling the situation. Many persons on both sides were injured. Troops had to be called upon, and made several bayonet charges. They cleared the street and then placed a cordon around the disturbed district. One soldier and 20 constables were injured.

UNION PRINTERS AT HOT SPRINGS

FIFTY-THIRD SESSION OF I. T. U. OPENS AT HOT SPRINGS TODAY.

Officers Submit Reports Showing Progress Made.—The Eight-Hour Struggle

Hot Springs, Ark., Aug. 12.—The fifty-third convention of the International Typographical Union was called to order this morning in the spacious dining room of the Eastman hotel, which has been temporarily converted into a convention hall. Addresses of welcome were made by the mayor of the city, the officers of the local union and others, and were responded to by President James M. Lynch. The reports of officers were then presented to the convention. About 1500 delegates and visitors are in attendance.

The report of President Lynch is a comprehensive document and covers the progress made by the International Typographical Union for the period elapsing since the Colorado Springs convention, and also outlines new policies and touches upon those that have become a part of the work and history of the organization. Among other things, an aggressive campaign for the union label is recommended, and it is quite likely that this subject will occupy considerable of the convention's time. The campaign for an eight-hour day, which has been vigorously prosecuted by the International Typographical Union for nearly two years, is touched upon extensively, and it is shown that this movement has been attended with a very large degree of success, about 45,000 members of the union now working not more than eight hours per day.

In the president's report the proposition to pension the superannuated and incapacitated members of the union is given considerable attention. This feature, if adopted, will be a new venture for the union, but it is looked on with much favor by the delegates, and undoubtedly a proposition embracing the pension feature will be submitted to a membership vote of the International Typographical Union.

This union, on the introduction of typesetting machines, avoided the error committed by other trades unions in fighting the machines, and encouraged and advised the members to learn the operation of the new device. Because of that wise policy, nearly all typesetting machines are now operated by union printers. This subject is touched upon in the president's report, and the membership is advised to continue the friendly attitude toward the machine, and to create the greatest opportunity for the instruction of typesetting devices.

Sanitary Conditions in Work Rooms.
Another most important proposition touched upon in the president's report embraces the sanitary conditions in work rooms. The president strongly advises that local unions insist on healthful work rooms, and without question the convention will adopt the president's recommendation. The movement for the stamping out of tuberculosis has become national, and the union printers believe that they are vitally interested in its success. It is believed by the union printers that unsanitary conditions and badly ventilated work rooms are responsible for much of the tuberculosis that exists among them, and they propose to see to it that they are not made victims of a disease that in nearly all cases spells death. From the expressions of the delegates it is evident that there will be drastic action by the convention along this line.

The arbitration agreement between the American Newspaper Publishers' Association and the International Typographical Union is given extended notice in the president's report. It is shown that about 200 of the larger newspapers of the country have arbitration agreements with the International Typographical Union. It is also demonstrated that this agreement has been of great value to the union and that many increases of wages have been secured under it in a peaceable way. The operation of this agreement thus far has been a distinct success, and it is believed that there will be but little friction under it. It will expire in 1912.

The president recommends rigid rules for the education of apprentices. The union seeks to turn out first class workmen, believing that the betterment of conditions and the securing of a fair wage depends to a large extent on the ability of the workman.

The Union Printers' Home, as stated by the president in his report, is a most successful institution. It is supported and maintained entirely by the International Typographical Union, and is the only institution of its kind in the world.

The Union's Fiscal Record.
Secretary-Treasurer Bramwood, in his report, shows that the collec-

tions for the year ending May 31, 1907, have reached the enormous total of \$1,939,304.91, and the expenditures \$1,642,441.94, leaving a balance in the treasury of \$296,862.97. There was also collected during the same period, for the support of the Union Printers' Home, \$61,931.40.

The secretary-treasurer shows that the expenditures from the burial fund for the year reached the sum of \$39,270. The total expenditures from this fund since its establishment in 1892 have been \$443,105. The average age of death for printers for the year was 46.7 years.

It is proposed to build an addition to the Union Printers' Home, and the fund for this purpose is known as the Cummings Memorial Fund. There was in this fund on May 31, 1907, \$12,910.44. This amount represents voluntary contributions by the membership.

The net cost of transacting the general business of the organization, excluding the conduct of the 8-hour campaign, has been only \$16,026.63. The average cost per member has been 37.73 cents; the average cost of officers' salaries has been 10.02 cents. The total cost of the 8-hour campaign and its attendant strike up to May 31, 1907, is shown by the secretary-treasurer to have been \$3,532,058.11. The receipts and disbursements of the international organization from 1891 to 1907 are \$4,934,318.58 and \$4,659,037.21, respectively. The secretary-treasurer's report contains numerous tables setting forth minutely the sources from which the money has been received and the avenues through which it has been expended. It is also stated that receipts are on hand for every dollar directly expended by the International Typographical Union.

After the receipt of the reports of officers, the obliging of the delegates, the appointment of committees, and the disposition of some routine business, the convention adjourned until tomorrow morning.

ADVOCATE GIRLS

(Continued from page 1.)

gay hat. Naturally she was a center of attraction. One of the girls passed the candy to the proud mother who soothed the infant with the sweets. "Do you like that baby?" queried one of the party.

"Like her? Why, ma'm, she's my baby and I loves her, I do." The marked attention the happy colored mother bestowed upon her tiny offspring proved the truth of her remarks, and I minded the girls of the stories told yesterday in Richmond by the slave who in passing the old slave market in the Confederate capital related some of the horrors of separating families.

The Advocate girls are now enjoying life to the limit. At least they all say so and several of them have penned a few sentences to be sent home. These the girls assure me will be followed by expressions from others in the party.

"Our efforts have been well paid. As guests of the Advocate we have been treated royally. It is wonderful the number of places we have visited and the things we have seen.

"EARLE GOFF."
"If words were adequate I would tell you of our trip, but Washington, Mt. Vernon and Richmond hold such wonders for me that I am speechless. The Advocate has more than kept its faith."

"I only regret that my many friends who so kindly and willingly aided me in the contest are deprived of the pleasant trip that we are having. It has been well said the trip of our lives as it has been one round of pleasure since we left on Monday night. The historical Richmond and the ride down the James river are especially interesting.

"MILDRED HAYS."
"If my pleasure will in any way repay my friends for their kindness—they are well paid. We are having a delightful time—seeing lots of sights and having lots of fun. Long live the Advocate."

"FLORENCE MADDEN."
"We have seen Washington, Mt. Vernon—the Mecca of all true Americans—and historic old Richmond. We are 'the Advocate girls' and we are treated with every kindness."

"SUSIE DAVIS."
"We are thoroughly enjoying the trip and our delight seems to increase with each day as we are constantly surrounded by sights of interest and beauty. Our gratitude toward those who made the situation possible is heartfelt by all."

"ALICE L. YOUNG."
"We are having a great time—one continuous round of sight-seeing and pleasure. There never was or will be a more hospitable host than the Advocate. One word with you—join the next Advocate contest."

"MARY BENTZ."
"We are more than pleased with the trip as far as we have gone. It's surpassed our expectations. Already we have seen so many things of great historical value, which, alone, pay us for the work we did towards earning it. We are indeed grateful to our friends who aided us in our campaign, and hope they may be able some day to enjoy seeing all we have and shall see."

"HANNAH BRAVER."
Mr. Ira Condit, a former Jersey, Licking county man, who is assistant

secretary in the department of Etymology at Washington, joined the party the other evening and accompanied the girls to the Library of Congress. Mr. Condit is about to go to San Francisco where a fine position awaits him. The girls are still talking about the Library and all will urge their friends to see this magnificent structure at the first opportunity.

One thing that impressed the Newark girls on the boat was the line of demarcation between the whites and colored folks. While the colored people are kindly treated, there is no effort at social equality of any kind. The negroes have a certain section of the boat to themselves and two drinking tanks stand side by side, one bearing the legend "colored" the other marked "white." As the boat stops, the colored people invariably wait for the whites to receive first attention.

The river ride is proving more interesting than a lake trip or a double reason. First, the water is perfectly smooth and every one was anxious for the dinner gong to sound and in the second place, a view of either bank gorgeous in foliage or rock formation, satisfies one more than a mere expanse of water.

Just as the boat from Washington stopped at Mt. Vernon last Tuesday a heavy shower fell and the same thing happened the moment the girls set foot upon Jamestown Island this afternoon. The sky soon cleared and the visitors had an opportunity to view the old English settlement (1607) before proceeding to Old Point Comfort. Jamestown Island lies 70 miles below Richmond. It is 2 1/2 miles long and a half mile wide, containing 1600 acres. Here at Jamestown the first legislative assembly ever convened in America met in council with elected deputies, on July 30, 1619, seventeen months before the Pilgrims landed at Plymouth Rock off Boston. Here in 1622, George Sandys composed the first poem in Anglo-American literature. At Jamestown in 1635 occurred the first resistance to governmental oppression when Governor Harvey was deposed. In 1652 Governor Berkeley fortified the town and procured the help of several Dutch vessels lying in the river, to aid in resisting an attack by the Parliamentary forces but he finally surrendered on easy terms. About 1700 the seat of government was removed to Williamsburg and Jamestown was soon almost entirely abandoned.

The girls were especially interested in the old church tower which still remains pathetic in its desolation. Around it lies the old churchyard where several graves now enclosed may be seen. One epitaph reads:

Here lyeth
William Sherwood
Born in the Parish of White
Chapelle
Near London
A Great Sinner
Waiting for a Joyful Resurrection.

Perhaps the most eminent man buried here was Rev. James Blair, father of the first president of Williams and Mary College. There are many quaint old tombs in the enclosure but the following inscription is perhaps the most interesting:

Here lies the body of
Mrs. Hannah Ludwell
Relict of the
Hon. Phillip Ludwell, Esq.,
by whom she has left one son and two daughters after a most exemplary life spent in cheerful innocence and in the constant exercise of piety, charity and hospitality, she patiently submitted to death on the 4th day of April, 1732, in the 52d year of her age.

The church now standing back of the old tower at Jamestown recently built by the Colonial Dames, is an exact reproduction—so far as known—of the original brick church built by the first colonists. In reproducing the first colonists, in reproducing the Isle of Wight where an old brick

The federal government is now building a stone monument near the old church tower at Jamestown. Our stop at Jamestown Island, though marred by a shower, was greatly enjoyed and as the boat now approaches Old Point Comfort new sights and additional pleasures are in store. So far the Advocate's trip has been an unqualified success. Nothing has occurred to mar the pleasure of the girls (save the showers) and the only regret seems to be that they are seeing so much they will not be able to remember all of it.

Destructive floods in Japan.
Victoria, B. C., Aug. 12.—Heavy loss of life is reported from central Japan because of floods, according to advices received by the steamer Athenian. Several hundred being killed and many injured. The property loss was very great. A score of lives were also lost at Kozashina, an island off Izu, in an earthquake, which destroyed many houses and sent the islanders to the hills in a panic. At Takigawa the ground subsided 20 feet and a large number were killed and injured. The Japanese government sent the steamer Tenshin with relief supplies.

In Stock at Idlewild Park.

With a car load of special scenery and a lot of real actors and actresses, the American Stock company opened a two weeks' engagement at Idlewild Casino Sunday, being greeted with two capacity audiences.

The play was "The Black Hand," and it is a real Southern melodrama, with the traditional atmosphere of Kentucky. The love story running through the four acts is a sweet one and the comedy is also out of the ordinary. Nancy Boyer, a sweet soubrette, is seen in an emotional part which she fits perfectly and her specialty was encoored twice. Arthur Chittendon seemed to be a handsome lover and Henry Gesta a perfectly despicable villain. Milton Byron and W. J. Barnes are more than good while Jack Washington as "Hockstein, the grocer," sustained

joined his title of "the great little comedian." Scarcely second in comedy importance are U. A. Varney, and Alice Ransome who are very funny indeed. Mary Emos, who played the Voodoo woman is an actress of exceptional emotional ability, and her impersonation is as clear cut as a cameo. Charlie Hogen is an excellent dancer, having some new steps. All in all there is not a weak spot in the company, which is unquestionably the strongest ever seen at popular prices in Newark.

"The Black Hand" will be again presented tonight and Tuesday and on Wednesday will be replaced by "The Tenderfoot," a Western drama full of comedy and thrills. On Wednesday evening, the Marion and Newark ball teams will be the guests of the management.

RUMORS OF FOUL PLAY.

Marietta, O., Aug. 12.—The body of Ned Jackson of Pomeroy, O., was found dead in the Ohio river here yesterday. Jackson lost his life while working on the steamer Glenwood a few days ago and there seems to be a well founded rumor that he met with foul play.

James Bowers Fatally Hurt at Cambridge

STRUCK BY SWITCH ENGINE AS HE JUMPED FROM HIS OWN TRAIN.

Injured Man Brought to Local Hospital Where He Will Probably Die.

Injuries which will probably result fatally were received by James R. Bowers, of Drum alley, a freight conductor on the B. & O. at Cambridge Monday morning at 8 o'clock, when he stepped off his train, No. 23, east bound, directly in front of a switch engine.

He was dragged for several feet and his left leg mashed off at the body, his right foot so badly mashed at the ankle that it will have to be amputated as soon as his condition warrants the operation. He was given a saline infusion in the hopes that he will rally enough to withstand the shock attending the amputation.

Aside from these injuries that may cause his death he was badly cut and bruised about the face and his arms lacerated. It is also probable that he is injured internally.

Dr. C. A. Moore of Cambridge, was hurriedly called and attempted to relieve him as he was to be brought to Newark on B. & O. passenger train No. 7. The doctor accompanied him to this city and went to the hospital with him in the Bowers & Criss Bros. ambulance which met the train at the depot.

At 3 o'clock a message from the hospital said that Bowers' condition was rapidly growing worse, and that his death was but a matter of a few hours.

Run Down by Tug. Duluth, Minn., Aug. 12.—Seven men in the employ of the Northern Pacific road as freight handlers were run down by a tug in the local harbor while returning to their homes in a rowboat, and drowned. The dead: Charles Hanson, John Solberg, Ole Starness, Nels Steeper, Walter Lindgren, and two men whose names are unknown.

Pushed Tray Off a Stand and Spilled The Orders—He Paid the Bill.

A man very much under the influence of "hop juice" entered Kusters' restaurant early Sunday evening, and before he walked out did much damage to several large orders that were on a tray.

A sudden desire seized him to hear a crash of some kind, and he gratified that desire by pushing the tray on the floor, breaking the dishes and spilling the food. He then walked quietly to the cashier, paid his bill, and walked out.

DEATHS AND FUNERALS

YOUNG MAN DEAD. The 17 year old son of Albert Smith of Rocky Fork, died this afternoon of rheumatism of the heart after a long illness.

INFANT'S DEATH. Donald, one of the twins of Mr. and Mrs. William W. Davis of this city, died at the home of Judge J. M. Swartz in Granville, on Saturday afternoon about 1 o'clock after an illness of some days with acute cholera infantum, aged about five months. The funeral services were held at the house 32 West Locust street, at four o'clock Sunday afternoon, conducted by Rev. Mr. Vernon, pastor of the First Presbyterian church, and the interment was made in Cedar Hill cemetery.

JOSEPH A. McFARLAND. Joseph Anderson McFarland, a prominent farmer of Morgan township, Knox county, died Friday afternoon after an illness of several weeks. The deceased was 82 years old and had resided in Knox county the greater part of his long life. He is survived by his wife and the following children: Howard McFarland of Mt. Vernon, Mrs. E. Harriman of Newark, Miss Ola McFarland and Miss Emma McFarland, who live at home. The funeral services were held at the house Sunday morning, and the interment was made in the Pleasanton cemetery at Marietta.

ARTHUR HALL. The funeral services for the late Arthur Hall were held at Eden July 25, in the afternoon at 3 o'clock. A large number of mourning and sympathy friends were in attendance who gathered to bid their friend a last farewell. Prayers were read by his wife, Mrs. Arthur Hall.

Let a man be a man.

But we hope to meet you in the home of the light and happy home.

Lately the home and sad the home.

Since Arthur has gone.

But a brighter home than ours.

In heaven is now his own.

AMERICANS SACRIFICED

How the Standard Oil Company Secured Its Foreign Business.

BIG TRUST AGAIN ARRAIGNED

Commissioner of Corporations Smith Submits to the President Further Results of the Investigation Into the Operations of the Standard—Lowest Prices to Foreign Consumers.

Washington, Aug. 12.—The policy of the Standard Oil company, in the business of selling petroleum products in foreign countries, has been apparently to sacrifice the interests of the American consumer for the purpose of securing the Standard's foreign business. This direct charge is made in an official report to President Roosevelt by Herbert Knox Smith, commissioner of corporations, in submitting to him further results of the investigation of the operations of the Standard Oil company by the bureau of corporations. Part three of the report, dealing with discriminations in prices, was made public by Commissioner Smith. It consists of a detailed summary of the work of the investigators and a letter of transmittal of the report to the president Mr. Smith says the Standard, enjoying practically an absolute monopoly of the oil trade in this country, has charged "such prices as it could, thereby extort, and the American consumer has had to pay these prices. Meeting competition abroad, it has used the profits made at home to maintain its position abroad, so that the American consumer has been severely discriminated against for the purpose of maintaining, not the dominance of American export trade, but the dominance of a particular combination which has used its power frequently and conspicuously to the disadvantage of the American public."

Extraordinary statements are contained in the report respecting the varying prices of oil in this country. It is pointed out that as the Standard does business directly with the retail dealers, it is in position to make different prices on the same grade of oil in different localities, and it actually takes advantage of that position.

In localities where the Standard has no competitors, it exacts immensely higher prices for its products than it charges in localities where it is obliged to meet competition.

Some astonishing statements are made regarding the methods pursued by the Standard toward various railroads of the country in supplying to them their necessary lubricating oils. Some lines which have shown a disposition and have the power to compound their own lubricants obtain favorable rates from the Standard, but from all other roads the highest prices are exacted. An intimation of the reason why the railroads are willing to pay the high prices demanded by the Standard when they might obtain supplies at lower rates from the independent concerns, is contained in Commissioner Smith's statement that the reasons are "entirely apart from the matter of lubrication."

Political Prisoners Released.

Woman Saves the Limited.

Chicago, Aug. 12.—The prompt action of Mrs. Minnie Harushell, a cook employed at a railroad construction camp at Hart, Mo., prevented a disaster to the eastbound Santa Fe "California Limited." The train, running 50 miles an hour, was flagged by a woman a short distance from a broken bridge spanning a ravine at a height of 50 feet. The passengers, after viewing the bridge, one of the abutments of which had been washed away, made up a purse for the woman and drew resolutions to the president of the road asking for a proper reward for her.

UTICA BOY DEAD AT MT. VERNON

Budget of News from Knox County's Capital—Big Well is Drilled In.

Mt. Vernon Aug. 12.—Harry L. Rees died Saturday at the home of his mother, Mrs. Sarah Rees, in South Vernon. While Mr. Rees was, strictly speaking, a Mt. Vernon boy, he had resided in Utica for several years, having been successfully engaged in the drug business in that village. Although he had been unable to give his personal attention to his business for more than a year on account of illness, he had not disposed of his interest. He was 33 years of age and was a member of the Mt. Vernon Masonic lodge.

Jesse Salrin, who accidentally shot himself at Seidel, Ill., about a week ago, died there Friday. The body was brought here for burial, arriving here at 2:20 o'clock Sunday morning. The funeral was held on Sunday afternoon.

F. H. Blowers, chief inspector at the new Baltimore and Ohio passenger station, received a telegram directing him to take charge of the work. The inspector was empowered by the architect to use B. and O. forces or to subcontract the contracts for the completion of work yet to be done. The job will be rushed to completion.

Wm. Smith notified the police that his daughter, Miss Lela Smith, aged 17 years, was missing from home. James Holmes, a boarder at the Smith home, was also gone, and it was the father's opinion that the young people had eloped with the intention of getting married.

Mr. Smith was at work in a local shop Friday and the girl's mother was at the Methodist camp meeting. Miss Smith took some of her clothing and a suit case. Holmes removed his effects in a trunk.

The Ohio Fuel Supply company drilled in a 10,000,000 cubic foot well on the Margaret Ash Bunn farm south of town. General Manager Garard of Columbus, was here Saturday, and, together with Mr. Hogan, the driller, visited the new well. He was greatly pleased with the development.

Lancaster, O., Aug. 12.—Prof. Gouff, who has been confined in the city prison for two days waiting to be taken to the Columbus workhouse, broke out of his cell yesterday afternoon. His absence was not noticed until Officer Intergensmiller went to get the prisoners for supper. He gave the alarm and a search was instituted. He was captured near Whitehill two miles from Lancaster.

NINE-FOOT STAGE IN OHIO RIVER

Review Board's Report Places the Matter Before the Public.

DREAM OF BUSINESS MEN

Special Committee Created by Congress Examines Into River Conditions and Meets at Pittsburgh to Make Its Report—Deeper Channel From Pittsburgh to Cairo.

Pittsburg, Aug. 12.—The review board of the United States army engineers convened here today to explain publicly its findings as to the needs of the Ohio river and the business dependent upon it through canalization of the Ohio by the lock system and deepening the channel from Pittsburgh to Cairo, Ill. A nine-foot stage in the Ohio has for years been the dream of rivermen and business men of the Ohio valley. In 1905, in response to demands of the river and manufacturing interests of Pittsburgh and the Ohio valley, congress authorized the appointment of a committee to tour the Ohio river, examine into its needs and commercial importance, and to make a report of their findings.

The committee came to Pittsburgh and, under the auspices of the Pittsburgh river interests and the Ohio Valley Improvement association, made a trip from Pittsburgh to Cairo, taking ample time to examine into conditions, and were furnished with information which would lead to an intelligent conclusion as to what the United States should do towards meeting the demands of affected interests. At the meeting here the report and recommendations of the board of review of the army engineer will be submitted. What a nine-foot stage in the Ohio river means only the residents of the Ohio valley fully realize. To build a system of locks and dams by which freight shipments may be made from this city to the Mississippi every day in the year, would take columns to accurately set forth in its magnitude to other sections of the country. Briefly, it would mean that about seven-eighths of the freight, coal and ore shipments from the Great Lakes to New Orleans would be by water; there would be a marked increase in the building of river steamers, both packets and towboats, and necessarily creating an added demand for lumber and hardware.

Passenger Train Derailed.

Springfield, Mo., Aug. 12.—Passenger train No. 108, the fast Memphis-Kansas City train on the St. Louis and San Francisco railroad, was wrecked near Mountain Grove, Mo., 70 miles from here, resulting in the death of Engineer James McKenna of this city and fatal injuries to Fireman James Overland of this city. The train was running at a high rate of speed when, it is supposed, a defective rail dented the engine. The mail car was also derailed.

WOUNDED MAN AT CLEVELAND ONCE IN CRIME HERE

CHARLES PROCTOR WAS PAL OF CONSIDINE, GRANVILLE POSTOFFICE BURGLAR.

Also Served Time From Knox County For Burglary—Criminal Record Last 30 Years.

Reading of the supposition that Charles Proctor, the wounded desperado, who lies in the city hospital at Cleveland, in a serious condition, as the result of being shot in an attempt to loot the bank at Strongsville, was a pal of Jim Considine, who did time in the Penitentiary for burglarizing the Granville postoffice, Berillion Superintendent John E. Davis at the Ohio penitentiary became convinced that he knew Proctor. When word from the chief of police came the next day, with a description of the man, asking that Mr. Davis look into his records, the expert did not have to do so. He knew that Proctor had three aliases, Andrew White, Charles Hill, and Thomas Hogan, and that he had served three terms behind the walls of the big prison.

Proctor was released from the Penitentiary October 1, 1902, after serving his third term. He had completed a five years' sentence for burglarizing the Granville postoffice. He was received with Charles Gray and later Jim Considine was received to serve a similar sentence for the same crime. Considine was pardoned by President Roosevelt before completing his sentence.

Proctor's first term was served when he was 29 years of age, and he has been at crime every since.

The second time he came under the name of George Wilson and served 30 months for burglary and larceny, having been sent on from Knox county.

The mole on his left cheek, an anchor tattooed on his left forearm and a scar between the index finger and thumb on his left hand, makes identification easy.

OHIO RED MEN TO HAVE DOINGS

Ohio Red Men expect to have the biggest gathering in the history of the order, says the Ohio State Journal. The place is the state fair grounds and the time Thursday of the coming week, the first in September. The Red Men are the first to announce plans for the fraternal days. The attention of the grand trustees of the Odd Fellows will be called to the matter at a meeting to be held in Springfield next week, and Secretary C. H. Layman of Columbus who will bring the matter up is positive his order will not take a back seat for any of the others.

That Red Men's celebration will be a hummer. Members of the order will be here from all over the state, and more than one from across the line will participate. Members of some of the tribes will be attired in their full "redskin" costumes. The warriors will be accompanied by squaws from the Pocahontas councils and will find quarters in real tepees. A few war dances are among the special "stunts" promised.

The Red Men are going after all prizes open to competition among fraternities. Everybody looking red will be registered to the credit of the order in an effort to win the \$200 cash prize for the order registering the largest attendance during homecoming week. Several uniformed rank companies, Red Men's League, will compete in the prize drills. To show the Ohio people how to handle their feet and arms the crack drill team of the order will be brought from Altoona, Pa., with 60 men, and entered in the general drill. The Altoona company will also give an exhibition drill with Company No. 12 of Columbus, with 80 men in line.

The uniformed rank companies will camp at 1895 South High street, the home of Colonel H. E. Jones, national adjutant general and captain of Company No. 12, where tents will be pitched.

Great Sachem E. J. Granger is in general charge of the arrangements for this big state basket picnic. The Red Men will have several special booths in the county headquarters building, for use as cloak and check rooms, and to register their own membership, independent of the general fraternal register. An entertainment committee will be appointed by the Columbus tribes, with one member from each tribe of Red Men and each council of Pocahontas.

BOTTLE BLOWERS' WAGE UNCHANGED

As was generally anticipated, the same wage scale as has been in force in bottle factories since the fall of 1901 will govern the fire of 1907-08. At the conference held between the wage committees representing manufacturers and workers during the past week, it was agreed to adhere to last year's wage agreement during the coming fire, the only change of importance made being a liberalizing of the apprentice rule. Heretofore manufacturers have been allowed one apprentice to every fifteen journeymen blowers, while when factories resume operations in September employees will be permitted to take on one apprentice for every ten journeymen blowers. Aside from this no change of any consequence was made. Last year bottle manufacturers found a ready demand for all ware manufactured, many of the firms having suspended operations on June 30, with a goodly number of unfilled orders on their books. Present indications are that there will be plenty of business for all of them during the coming fire, and that with efficient business management manufacturers will be able to earn a satisfactory profit during the fire of 1907-1908.—Pittsburg Glass Budget.

Were the Champs of the same spirit as the Newark Molders two defeats instead of two glorious victories, would have been the record for Saturday, a day that will linger for many a day in the memory of the local fan clan. Youngstown took both games, the first after a heroic struggle by a 5 to 3 score, and the second in an almost go you please canter by the score of 9 to 1.

Quicker than you could say Jack Robinson the Molders scored three runs in the first inning of the first clash. Schettler was walloped hard and everything broke for the down staters and against the Champs. Smith opened with a single between Bill Bannon and the first bag. Snyder moved Smith to second and on a single by Wratten he scored. Wratten stole and on Dick Breen dropping a throw by Ostiek, Wrats went to third. Schettler was passed and he stole. Haval singled, scoring both. Murray poked one toward Cap Starr which he gobbled by desperate trying and, touching second ahead of Haval, winged the ball to first ahead of Sandy, making a telescope.

Two more singles, by Gygli and Smith and a pass to Snyder filled the bases with two down in the second. Wratten ended it by grounding to McClintock. Singles by Murray and Gygli and a pass to Pearce filled the corners again in the third. Locke made it three out by a wee one to Schettler.

All the while the Molders were full of ginger. They were up and doing, in the field and on the bases. Everything was coming their way. Meanwhile until the fourth Youngstown didn't get what even looked like a hit, but every Champ was doing his level best.

A fizzle by Murray of a grounder by Starr, a stolen base by Cap and a two bagger by Jude in the fourth made it look as though the Champs were only a few grades below the nearest rivals. Starr scored easily. Schettler started the Champs' victory by a single in the eighth. Starr forced Louie at second. Cap stole and Blount was hit. Breen singled, Starr scoring the tying run. Jude doubled. Will Thomas cleaned

the sick by a single. McClintock singled. Bannon, ninth man to bat in the inning, made it three out by a fly to Smith which the latter almost dropped, after a hard run.

Never was there such enthusiasm as when the great rally was over. Schettler went in to do or die in the ninth, but the Molders were tamed. Starr and Blount at least saved the battle going into extra innings by two pretty plays. Blount cut Snyder off at the plate by perfect throw with Lefty coming in from second on a single to middle. Starr went back of second in the eighth when two Molders were on and one down to get a single by Bunny Pearce. There was a chance to get Pearce, but Gygli was just headed off at second.

A triple by Starr in the first inning of the second game started the Molders downward. Blount was passed and stole. Breen singled, scoring both. Dick stole and scored on a single by McClintock.

Three more runs were added in the fifth and Asher was sent to the timbers by a single by Blount, a triple by Breen, a pass to Jude and a single by McClintock. Curley and Jude stole second.

McClintock, a new left hander, tried his hand in the sixth frame. The Champs stole on him and Winters and a pass passes to Blount and Jude with seven stolen bases, Cap Starr stealing second, third and home, netted three more runs.

Newark was completely backed off the boards and played a listless game after the first inning. The scores:

ALMOST READY FOR THE HOSPITAL

Just a word to you fans who are inclined to kick, and who think that the team is not making the proper showing. Just stop and think for a moment of the condition of the team.

Dock Abbott has been out of the game for some time having been called to the bedside of his sick wife. Murray has not recovered from a sprained ankle; Schettler has a sore heel which he received on the eastern trip, and is compelled to walk and run on the toes of his right foot; Gygli had the middle finger of his hand split at Youngstown and was compelled to leave the game; Wratten is out on account of being spiked; Linke is sick; Locke was compelled to pitch four games and now it is Snyder who is almost down and out. He is complaining of feeling badly and is not at all well.

Now, isn't that a nice hospital list? In spite of it all the change in the lineup, etc., Manager Bob is accomplishing wonders and in fast contest of innings with the Limeburners yesterday beat them out by a score of 4 to 2. The old wheel-horse got in to the game himself and accepted every chance that came his way without a flaw.

Now, really, don't the boys deserve a lot of credit for what they have and are accomplishing? They are doing the best they can and are putting up an article that they don't have to be ashamed of. True, things go wrong, once in a while. Eddie Asher was sick at Youngstown and wasn't in condition to pitch. But he had to be used. Things will right themselves in the end and you will find the boys where they have been for the last seven weeks, right around the top.

THE P. O. M. LEAGUE IS IN A VERY BAD WAY

Braddock, Pa., Aug. 12.—Superintendent Charles Dinkey of the Edgar Thompson Steel Works, brother of President Dinkey of the Carnegie Steel Company, has withdrawn his support from the Braddock team in the Pennsylvania, Ohio and Maryland league, and the team will quit at the end of the week. There is already three weeks' salary due the 11 players. The team has been losing steadily and Dinkey will lose his \$1,000 forfeit with the disbanding of the team and the league has received a hard blow.

GRAND STAND BLOWN DOWN

Montgomery, Ala., August 12.—The new grand stand at the Southern League baseball grounds was blown to the ground by a terrific wind storm which raged over a limited area two miles west of Montgomery yesterday. Several residences were damaged and one man was painfully injured by falling glass. The storm was not felt in Montgomery.

GLENFORD WINS ANOTHER

The last team of Glenford, O., won another game Saturday from the strong L. I. 619 team of Congo, O., by score of 6 to 0. The game was exciting from start to finish and the feature of the game was the pitching of Cooperider of the Glenford team, he striking out 11 men. This team has not been defeated this season and on two occasions has been billed to meet the strong B. and O. team of Newark, but from some cause both dates were cancelled and it has been learned that they were afraid of meeting with defeat and breaking their perfect record.

THE MOLDERS DID BUSINESS IN ELEVENTH

CRIPPLED WITH STRANGE LINE UP, BUT THE BOYS PUT UP FINE GAME.

Home Tuesday for Three Games With Lime Burners at Wehrle Park, West End.

Marion, Aug. 12.—After outpitching Stoup yesterday, Burke blew up in the eleventh inning when two bases on balls, an infield hit and two wild pitches gave Newark two runs and a 4 to 2 victory. Lucas, who replaced Burke, was effective. The game outside the fatal eleventh abounded with brilliant plays. The fielding of Schettler and Farrell and the batting of Farrell were features. Score:

THOMAS RELEASED

Youngstown, Aug. 12.—Dick Nallin, right fielder of the Akron team, has signed with Youngstown. He will be in the game today against his former team Will Thomas, left fielder of the Champs, has been given his notice of ten days.

BARGAIN DAY AT NEIL PARK

Quite a number of Newark fans took in the bargain day at Columbus yesterday. The Senators lost the first and won the second game with the Blues of Kansas City. The games were slow and uninteresting. Better ball than was played in Columbus Sunday can be seen at Wehrle Park every day the locals have games there.

Hall, the Cincinnati wonder, was wild and lost the good impression which he made last week.
Kitson and "Wish" Egan got away fine for the kind of ball they twirled. They didn't have speed enough to break a dollar bill, yet strange to repeat, the Senators had a hard time connecting with them and when they

MELANGE OF SPORT.

We are only ten points behind Youngstown. Pretty good for a team with only one sound man on it. Schettler was there with a double single yesterday and drove in two runs tying the score. The Cheese Man can always be depended upon to do the right thing when needed. They say Sammy Havel is the only sound man on the team. The others are all shot to pieces. Asher had to go into the right field. Smith played third, and Manager Bob looked after the amen corner. He accepted eight chances and was there at every stage of the game.

Irve Wratten arrived home from Youngstown Sunday the victim of Curly Blount's spikes. Pearce threw to Wratt to try and catch Curly, who had taken a good lead from the plate and the latter jumped back catching the sturdy Molder for a deep gasp in the right pedestal. Wratt was game and finished out but couldn't go into the second game. He may be out for some little time.

Interest in sporting events during the present week will center chiefly in yachting. Three series of races are scheduled, namely, the continuance of the contest for the Canadian cup of Port Charlotte, N. Y., in Lake Ontario; the New York Yacht race for the King's cup off Newport, and the international races of the Sonder yachts at Kiel in Germany. The Grand Circuit harness races are scheduled for Poughkeepsie, beginning today.

Toledo finishes up with Western clubs today. In September the Hens have but 10 games on their home lot. During this month the Senators are at home for 17 games, five of them being with Toledo.

Perry Werden and Jack Kerin can loaf today. The former will umpire at Indianapolis Tuesday, Kerin leaves tonight for St. Paul to have charge of the series the Senators open there.

Kansas City has certainly no room to complain of small crowds this year in Columbus. On Sunday, April 28, people overflowed the field and the high attendance—14,306—of the year was reached. Perhaps those figures will be too small for use on Sunday, Sept. 1, when the Senators come back for two games.

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nerve, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her, that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nerve might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years.

S.S.S. CURES SKIN DISEASES

There is an evaporation from the body going on continually, day and night, through the pores and glands of the skin. This is nature's way of maintaining the proper temperature of our bodies and of preserving the softness and flexibility of the skin, and so long as the blood is free from impurities no trouble will result. When however, the blood, from any cause, becomes infected with humors and impurities these, too, must be expelled, and coming in contact with the delicate tissues and fibres with which the skin is so abundantly supplied they produce irritation and inflammation, and the effect is shown by Eczema, Acne, Tetter, pimples, rashes and skin troubles of various kinds. To effect a cure the blood must be cleansed and purified. This cannot be done with external applications, but requires constitutional treatment. S. S. S. is the best treatment for all skin diseases. It goes down into the circulation, neutralizes and removes the humors and acids and thoroughly cures skin affections of every kind. S. S. S. supplies the blood with the proper nutritive qualities so that the skin instead of being irritated and diseased by unhealthy humors, is fed and sustained by cooling, healthy blood. Book on Skin Diseases and any medical advice desired sent free to all who write.

Richard Mansfield, The "King Richard Of the Stage"

HOW THE GREAT TRAGEDIAN, NOW SERIOUSLY ILL, ROSE
FROM DIREST POVERTY TO FAME AND WEALTH.

Deprived of His Mother's Riches Because He Was Determined to
Be an Actor, He Was a London Starveling For Years, but
Never Whimpered—A Genius Whose Ideal Has Al-
ways Been Perfection In His Chosen Art.
Sample of His Powerful Pathos.

By ROBERTUS LOVE.

RICHARD MANSFIELD is a prodigy. The word prodigy has two definitions. By one meaning it is a person so extraordinary as to excite wonder or astonishment. By the other meaning it is a monster. According to some of his enemies, Richard Mansfield perhaps fits the latter definition, but in truth he does not. That he is an extraordinary person who has excited both wonder and astonishment for years is strictly true. When the news was sent out a few days ago from the great north woods of New York state that the famous actor was lying seriously ill in a little cottage, broken in body and mind, pathetically calling for his stage costumes and mumbling over some of the lines of his chief triumphs, the thought occurred to more than one person that the life of a successful tragedian may be in itself a tragedy. In the world of artistic endeavor triumph and tragedy lie very close together. Very frequently, toward the final curtain, they overlap.

Since the death of Henry Irving, Mansfield has been recognized as the greatest living actor that speaks his lines in the English tongue. For a score of years he has been mounting steadily and surely toward that proud position. He was born to climb to the

and years when night came I have wandered about the streets of London, and if I had a penny I invested it in baked potatoes from the baked potato man on the corner. I would put those hot potatoes in my pocket, and after I had warmed my hands I would swallow the potatoes. That is the truth.

But Richard Mansfield did not use hot potatoes both for heat and food because he had to. He did it because he wanted to be an actor—perhaps because he had to be an actor. His mother, the noted singer Mrs. Rudersdorf, desired him to be a painter. The youth tried painting, with fair success artistically. His mother was wealthy. She had gold in abundance for Richard the artist, but not a cent for Richard the actor. When the young man determined to be an actor the madame cut him off as to finances; hence the hot potatoes.

Starveling For Years.

Millions of men may live on baked potatoes and restaurant smells without any particular privation. But it was different with young Richard Mansfield. He had been gently reared. His mother adored him, and he idolized his mother. She brought him with her to Boston when he was a boy

and he finally secured a comic opera job. W. S. Gilbert, that beloved librettist whose works gave delight to millions, became interested in young Mansfield and got him a place in "Pinafore." Mansfield played with the troupe in the British provinces for three years at \$15 a week. Then he determined to go up to London, for he felt himself fit for something better.

Richard Mansfield is practically an American actor, and America is proud to claim him. He was born, however, on the little island of Heligoland fifty years ago. His father was a British army officer and his mother a Russian opera singer.

How He "Made Good."

Mansfield came to America to remain permanently about twenty-five years ago. He had achieved fair success on the London stage. He appeared there first in comic operas and comedies and won a considerable reputation. It was in his part of Prince Karl, in the play written by A. C. Gunter, who died only a few months ago, that Mansfield "made good" and started fairly on the road to his great reputation. But he had to struggle.

"I am as determined as the tides of the ocean and as patient as the Catholic church," he once remarked when adverse criticism was encountered. Mansfield's breakdown in his prime is due to overwork. That determination which has possessed him from the first has undermined his health. He reached the private palace car and the Versailles dining room furniture only by the severest sort of labor—incessant, nerve destroying, plugging toil at the tasks he set for himself. Some men may spend their summers in idleness. Mansfield used to retire to his New London home and spend the warm months studying furiously.

When he reached the rehearsals he was always letter perfect. He knew his lines. He knew his characters. And they were such characters—Shakespeare's, Schiller's, Moliere's, Ibsen's and those of lesser tragedians and comedians. Not only did he know his characters, but he became them for the time. "When I play Richard the king," he has said, "I am Richard the king."

Sample of His Pathos.

There is a powerful pathos in the letter which Mansfield wrote to the St. Louis Republic in reply to an attack upon him by that paper some years ago, when the actor, at the old Hagan Opera House in St. Louis, appeared before the footlights and berated his audience, declaring that that city could not appreciate art and otherwise expressing severe opinions against the Missouri metropolis.

"It is especially concerning the paragraph which suggests that an actor would be more successful if he enjoyed the reputation of being a good fellow that I write. It all depends upon what the definition of the words may be. I haven't the time or the inclination to be a good fellow in the sense in which it is generally accepted in this country, but I trust that I have at all times been a good friend and a hospitable host. * * * Possibly few are aware that when I have played one of my trying roles I am utterly, totally exhausted. I ought then and there to be wrapped up in blankets and put to bed after having been fed. That's what they do for a good race horse after a race. If I then and there because I am an idiot, as the polite gentleman on an afternoon paper is good enough to suggest, I give my whole life and soul to my work. * * * The power for evil in this world is far greater than the power for good. Yet some day there will be a few violets blooming on the grave of my faithful servant, Richard Mansfield."

This was before he became the famous actor of his later years. Since then many newspapers have enjoyed remarks derogatory to Mansfield because of the actor's ebullitions of temper. Various and sundry have been the unkind cuts from the American press. There can be no question that a super or a common plug actor, having been guilty of outbreaks such as Mansfield's record, would have deserved severe censure. At least nine of Mansfield's leading women have quit his company in disgust because of his temper. Isabel Irving stayed in his support just two days. Lucille Flaven lasted one day. Katherine Grey, Margaret Anglin, Lettie Fairfax, Florence Kahn, Eleanor Barry and Roselle Knott were among the others who could not "stand for" the Mansfield manner—or manners.

Forgets Self When Acting.

"I suppose, sir," said an enthusiastic woman to the actor, "that when in the spirit of those great roles you forget your real self for days."

"Yes, madam," Mansfield replied, "for days as well as nights. It is then I do those dreadful things—trample on the upturned features of my leading lady and hurl tenderloin steaks at waiters."

"And you do not know it at all?"

"Not a solitary thing, madam, until I read the papers next day."

One of his leading women, at any rate, Mansfield did not dismiss. Miss Beatrice Cameron, who was his support early in his career and a charming actress, is Mrs. Richard Mansfield. She is at her husband's bedside in the great north woods.

Let us now forget that a Philadelphia super sued Mansfield for assault and battery because the actor struck the super over the head with a spear when he got out of line. Let us refuse to remember the mutton chop which Mansfield threw at the waiter in the Auditorium hotel at Chicago because the chop was fried. Let us remember rather the hot potato of the London days, the determination, the toil, the life and soul devotion to the art that overmastered the man—and the triumph he has achieved.

BASEBALL NEWS

(Continued from Page 6.)

latter remaining over for today's game. Mr. Von Asher states that the boys deserve a great deal of credit for the manner in which they are playing with their crippled team.

Umpire List seemed determined to hand yesterday's game to the Limeburners. The Marion fans themselves acknowledged that he gave them the best of it all the way through and deliberately robbed the Molders of two safeties and called two outs that were safe by a yard.

Frank Jude was late getting in yesterday from Youngstown, and didn't report to Manager Clymer until after the first game had begun. When he took Wicker's place in the second he was applauded loudly.

The Mud Hens of Toledo won over the Brewers of Milwaukee, by a score of 13 to 5. It was a slugging match on the part of Toledo but they fielded a spectacular game.

Cincinnati and Brooklyn broke even yesterday, each winning a game.

Columbus fans think pretty well of the Indian. When he replaced Wicker, who had been hurt in the second game, he received a great ovation.

Louisville won over St. Paul yesterday by a score of 3 to 1.

The Chicago Cubs won two games over Philadelphia yesterday by a score of 1 to 0 in each game.

John T. Powers of Chicago, formerly president of the Wisconsin baseball league, figured in a sensational stunt at Goldfield, Nev., Friday, when he appeared to umpire a game between two teams of miners with revolvers strapped around his waist. He was disarmed by the sheriff, and then the game proceeded. The contest was for \$5,000 a side, but Powers escaped with his life.

Indian Jude posed as a hero at Youngstown Saturday by sending out a double that scored two runs. Rube Geyer pitched a nice game of ball for the Senators Sunday. The Kansas City boys got nine hits off him but they were scattered and didn't assist in the run getting.

The team will arrive from Marion tonight and will play the Limeburners Tuesday, Wednesday and Thursday.

Let the fans and bugs turn out tomorrow and show the boys that they appreciate their staying qualities.

The Cheboygan, Mich., team will soon lose one of its fiercest players. Pitcher Nolden goes to the Chicago White Sox for next season's team.

So far this season he has pitched excellent ball and has had offers from every team in the Wisconsin league. Nolden first appeared as a star with the Milwaukee team in 1903, but his arm went bad in midseason and he was released.

McCormick, a new pitcher, secured by Manager Bob from Indiana, was given a try-out at Youngstown after Asher went up in the fifth inning of the second game. He is a southpaw and looks promising. He only had one inning as the Molders left after six and a half innings had been played.

It is reported that Ferd Drumm will leave the Marion team within a couple of days. Ferd says he is getting tired of being handed the roasts which he is receiving from some of the Marion fans.

The attendance at Youngstown Saturday was fine. The Molders always did draw well there. Friday's attendance when they played the Tigers was only 150 and a number of papers over the circuit are roasting Youngstown, claiming that it is the poorest city of the league in point of attendance.

As was expected, Dick Nallin left Akron Friday night and went straight to Youngstown, where after a short conference with Manager Sam Wright of the Champs, he affixed his "John Hancock" to a Youngstown contract and became a full-fledged member of the team that is at present leading the league.

This week the Grand Circuit performers will hold the boards in the famous old regetta town of Poughkeepsie, and five days of splendid sport is looked for. The stables have been coming in from Buffalo, New York City, Boston and other points.

"Jem" Driscoll, the young Welshman who recently beat Joe Bowker, victor over Frankie Neil is coming to America. Driscoll is said to be one of the most wonderful feather weights ever seen in England, and his win at the National Sporting club recently from Bowker created the sensation of the season in British boxing circles.

The Youngstown sport writer in the Sunday State Journal says that from the looks of the race there is no reason to think that Newark will either get a big lead or fail. It will, in all probability, be a fight to the finish between the teams which are well to the front, and the decision on the pennant winner will not be until the very last.

SIXTY-TWO PLAYERS HAVE GONE UP

Sixty-two former Eastern league players are wearing the uniforms of various National and American league clubs this season, a larger number of graduates than any other single minor organization can show.

Not one of the sixteen clubs in the two major leagues that has one or more players who finished their schooling for the big arena on the Eastern circuit, while some of them

have had a dozen or more of Pat Powers' boys on the rolls.

Baltimore has six former Birds on the high roosts, including Manager Hughie Jennings of Detroit, who isn't playing this year. They include two first basemen, Tim Jordan of Brooklyn and Tom Jones of the St. Louis Americans, and also Phil Lewis of Brooklyn; Mason and Mowery of Cincinnati.

TWO GAMES TODAY

Newark and Marion are playing a double header at Marion today. The first game was called at 2:15 o'clock.

UNDER THE DOCTOR'S CARE

Frank Gygil and Irve Wratton are in the city, under the care of Dr. J. G. Shiner, the club physician. Gygil's little finger on the right hand is out of commission having had it split at the base where it joins the knuckle in Saturday's game at Youngstown.

Aside from this the fast first baseman is feeling out of sorts but will try and get into the game tomorrow.

Irve was badly spiked by Curly Blount Saturday. Curly could have avoided spiking him had he slid or ran back of the bag like any other player would have done. Instead he jumped and caught Wrat with the spikes, almost severing the little toe of the right foot. He will be out of the game for several days.

CITY LEAGUE TEAMS BREAK EVEN

The Meridith and King Co. played a double header at Idlewild Sunday afternoon. The first game was a slugging match and resulted in the King's defeat by a score of 16 to 10.

Manager Winters and Lake composed the battery for Meridith and C. Harris and Church for the King Co.

The second game was one of the best played this season. It was full of snap and ginger and kept the large crowd of spectators on tiptoe from start to finish. The King Co. won out by a score of 3 to 2. Winters and McCarty were the battery for the Meridith and V. Harris and McDermott for the King Co.

Th Jewett and Pratt team of the City league did not play yesterday but will have a double header next Sunday.

PROTEST WITHDRAWN

Buffalo, N. Y., Aug. 12.—The protest against the payment of the \$10,000 Empire State purse to the owner of Sonoma Girl was withdrawn Saturday. Sonoma Girl was thrown out of the first heat of the race by an accident but was allowed to start in the following heats and won the race. The owners of the other horses entered the protest which was withdrawn.

Lexington, Ky., Aug. 12.—Kern, the once famous thoroughbred race horse, is no more. He was killed last week from a fall as he was winning a mile and an eighth race at Earlinton Fair. In the race with Kern were Cygnus, Bagerly, Stringtown and Fay Templeton. His leg was broken and it was necessary to destroy him. He was owned by Judge R. B. Bradley of Nashville.

San Francisco, Aug. 12.—Joe Harvey, well known among the sporting fraternity, as a horseman and part proprietor of the poolrooms at San-salito, died in this city Saturday night after a brief illness.

To Escape a Mob. Lexington, Ky., Aug. 12.—Bud and Charles Tarr, negroes, were spirited from jail at Georgetown by Sheriff Warring and brought to this city to prevent being mobbed. The negroes walked into the place of business of Albert Saere and, after forcing him into a quarrel, struck him across the head with a club, from which he has been gradually dying. Warring learned that a mob was collecting and would attack the jail. He appropriated the automobile of Richmond Leving and, secreting the negroes in a house near the jail until he had an opportunity to slip away, brought them to this city.

Fulton Centennial. New York, Aug. 12.—The centennial of the sailing of Robert Fulton's steamboat "Clermont" on the Hudson, will be observed on along the river on Aug. 17. At 1 o'clock next Saturday afternoon, which was the hour that the old Clermont started on her first trip 100 years ago, whistles will be sounded, ensigns dipped, and an orchestra will play Robert Fulton's favorite song, "Bonnie Doon."

All steamboats on the river have been supplied with pictures of Robert Fulton and the Clermont, which will be hung in the cabins.

Harvey Dies at Frisco. San Francisco, Aug. 12.—Joe Harvey, well known among the sporting fraternity, as a horseman and part proprietor of the poolrooms at San-salito, died in this city Saturday night after a brief illness.

NOTED RACE HORSE NO MORE. Lexington, Ky., Aug. 12.—Kern, the once famous thoroughbred race horse, is no more. Mr. D. B. Kirk Jr., of Mr. Vernon, Will Succeed Mr. Sites With the Advocate.

Mr. Fred S. Sites, who has been connected with the Advocate for some time, has resigned his position to again enter the milling business with which he is very familiar. Mr. Sites' resignation takes effect at once.

Mr. D. B. Kirk Jr., of Mr. Vernon, an experienced newspaper man, will succeed Mr. Sites. Mr. Kirk has until recently been connected with the editorial staff of the State Journal at Columbus. The Advocate bespeaks for Mr. Kirk the same courtesies which were extended to Mr. Sites, who will take up his new work at once.

JOSEPH THOMPSON IS SOME BETTER

The condition of Joseph Thompson, the railroad switchman, who was assaulted by Lewis Driscoll last Wednesday night, remains about the same with the exception that he has occasional rallies in which he partly regains consciousness.

Thompson is not able to give his version of the assault, but it is probable that he will improve sufficiently to do so in a few days.

She—I suppose that you believe that women are more fickle than men. He—Well, they have more chance to show it.

STATE MEETING OF ELKS' LODGE AT CEDAR POINT

ARRANGEMENTS NOW BEING
MADE FOR THREE DAYS'
ENTERTAINMENT.

Shawnee Man Shot in His Own Home
Following a Big Barn Dance—
Ohio News.

Sandusky, O., Aug. 12.—The executive committee of the State Association of Elks met here to arrange for the state meeting, to be held at Cedar Point Aug. 21 to 23. It is expected that all local lodges will be represented. Wednesday will be given up to the arrival of delegates and registration, and an informal reception will be held at Hotel Breakers. Thursday morning there will be a boat ride to the islands. In the afternoon a business session will be held, at which there will be election of officers and the transaction of other items of business. Thursday evening at 6:20 will occur the banquet, at Hotel Breakers, with V. Homer Reinhart as toastmaster. At 8:30 Thursday evening, following the banquet, will occur the ball for the Elks and their friends.

Refused Drinks; Used Gun.
Columbus, O., Aug. 12.—"Poke" Smith, proprietor of a roadhouse near Nelsonville, O., was fatally wounded as a result of an attempt to eject Zane Coon and John Galloway, who raised a disturbance because he refused to give them drinks on credit. The shot was fired by Coon. A special train was secured to bring Smith to a hospital in Columbus, but he died immediately after arriving in this city. Galloway was arrested, but Coon is at large.

Drowned While Rowing.
Sandusky, O., Aug. 12.—Nona Hart, 16, of Mansfield, was drowned in Sandusky bay while rowing off Cedar Point. Grace Herron, Mansfield, and Earl Lewis and Charles Marsch of Lancaster clung to the boat and were rescued by lifesavers from the point. Young Lewis rocked the boat, upsetting it. None of the party could swim and the Hart girl sank at once. Her body has not been recovered.

Assassinated at Home.
Shawnee, O., Aug. 12.—While giving a barn dance and supper at his home near Greeley's mine, Tom Craig went into the house on an errand and a few hours later was found sitting in a chair dead. He had been shot three times through the heart. Men with whom Craig had had trouble are suspected, but no arrests have been made.

Skull Crushed.
Springfield, O., Aug. 12.—Grover Rockford, 20, was instantly killed when a big gas main which he was helping to handle fell over on him. His neck was broken and his skull crushed. He was carrying an end of a 10-inch pipe on his shoulder when he stumbled and it fell on his head.

L. F. STAFFORD DIED SUDDENLY AT HOME

Heart Trouble Claims Well Known
Shoemaker—Died While Preparing to Retire.

Layten Finley Stafford, the well known shoemaker of Newark, died suddenly at his home, 213 Elmwood avenue at 12:50 o'clock Monday morning of heart failure. Mr. Stafford worked at his bench all day Saturday but complained of feeling ill on Sunday, and while preparing for bed death claimed him. One of his family heard him fall to the floor and rushed to his assistance. He was lifted upon the bed but soon expired, without regaining consciousness.

He was 62 years of age and was born in Newark July 2, 1845. During the Civil war he served in the 76th regiment, O. V. L., and was a member of the local G. A. R. who will have charge of the funeral services. He was also a member of the German

Mrs. ALBERT J. BEVERIDGE.

Mr. ALBERT J. BEVERIDGE.

Berlin, Aug. 12.—The marriage of Miss Catherine Spencer Eddy to Mr. Albert J. Beveridge, Senator from Indiana, was solemnized here. Owing to the wishes of the family, the ceremony was conducted with simplicity, which came as a surprise to the many Americans temporarily residing in Berlin.

Miss Eddy wore a costume of white satin, with draperies, old costly point d'Alecon lace, white tulle veil, a delicate wreath of orange blossoms, but no jewels of any kind.

William P. Dillingham, Senator from Vermont, who expressly remained in Berlin for the wedding, although pressing business connected with the Immigration Commission called him to Paris, acted as best man, the only bride-maid being Helen Blech.

Benevolent society, and at the last election was re-elected president.

He was twice married, his first wife being Miss Margaret Miller. His second wife, Mrs. Ella Handle, survives him. His brother George of Kansas City, Mo., has been notified of his death. The following children survive him: Mrs. Carrie A. Kutz of Newark; Mrs. Nora Renner of Elmwood City; Miss Grace Wildman, Newark; Miss Mabel Stafford, Alliance; Misses Mabel and Grace Handle of Newark.

The funeral will be held from the family home Wednesday at 2 o'clock, the interment to be made in Cedar Hill cemetery.

AIR SHIP SIGNED FOR COUNTY FAIR

Secretary J. M. Farmer and Director W. H. Kussman of the Licking County Agricultural society, who were named as the attraction committee for the coming fair, have contracted with the Coshocton Aerial Navigation company to bring its airship here on the second, third, fourth and fifth days of the county fair when Prof. Fuhr, the celebrated aeronaut, will make an ascension on each of the days mentioned. This will be one of the biggest attractions ever offered by the Association.

MR. WEETER PASSED EXAMINATION FOR CHAPLAIN IN ARMY

Rev. John Weeter, pastor of St. Paul's Lutheran church of this city, has passed the rigid examination for chaplain in the United States army, and is now awaiting his orders from the War Department assigning him to his post.

Mr. Weeter filed his application with the War Department four years ago and only last week was ordered to take his examination in Columbus before Captains Cabanuss, Carson, Burnside, McTeifer, Gaper and Lieut. Cleudennis. He was not expecting notice of the result of the examination so soon and is to be congratulated upon the result as the examination for the post of chaplain is particularly hard.

SECOND VICTIM IN TREACHEROUS WATERS AT LAKE

WALTER ANDERSON OF COLUMBUS, DIED FROM FRIGHT LATE SATURDAY AFTERNOON.

LOADED BOAT TURNED TURTLE

Fred Shuff, Drowned Saturday Morning, Was on Sunday School Picnic From Lock—Body in Lake.

The second fatality in a day occurred at Buckeye Lake late Saturday afternoon when Walter Thomas Anderson, son of Dr. T. T. Anderson, 514 Miller avenue, Columbus, died of heart failure when his boat upset and he sank in eight feet of water.

Young Anderson, his sister, and a friend, Carl McDaniels, had purchased a site for a cottage at the lake, and Anderson and his friends were then to haul some lumber. He had loaded his boat with a piano on top of the load started to row towards the site for his new home. When off Bowers' point his oars caught in the lily pads and in pulling them free, the boat was upset and he sank to the bottom of the lake.

McDaniels, who was watching him from the shore, witnessed the accident and plunging in the water swam to the assistance of his chum. Coming to the spot where Anderson sank he dived repeatedly but could not find the body. He returned to the shore where a crowd had collected and the lake dragged in the hopes of recovering the body, but their search was unavailing, the body was not recovered until Sunday morning when it was seen lying on the bed of the lake. A rake was used and the corpse brought to the surface and given over to Undertaker Schoedinger of Columbus, who was brought over to the lake by the grief-stricken father of the young man.

Anderson would have been 20 years old August 20, and was well known in Columbus as an expert swimmer. His friends could not believe the report that he had drowned. At the coroner's inquest held at the point Sunday morning it was found that death had resulted from heart failure, probably due to fright, when his boat "turned turtle."

His father, mother and sister survive him. The funeral will be held in Columbus.

FRED SHUFF'S BODY IS STILL AT THE BOTTOM OF BUCKEYE LAKE

Searching Parties Worked All Day Sunday But Efforts Were Fruitless.

The body of Fred Shuff, the young man from near Lock, Knox county, who was drowned in twenty-five feet of water in Buckeye lake, near Beach Island, Saturday morning, has not been recovered although searching parties dragged the lake all day Sunday and Sunday. All hopes of recovering the body for several days has been given up, and a watch will be kept to recover it when it comes to the surface.

The young man, who was 22 years of age, came to Newark Saturday morning with a Sunday school picnic

from Lock, and shortly after arriving in the city, went to the resort with the picnicers. Warren Crego, Allan McBride and himself hired a boat and rowed to the White City. On arriving there they spent some time and it was on the return trip to the park that the accident occurred.

Shuff had been rowing and changed places with Crego and McBride and seated himself in the stern of the boat, the other young men who were having trouble with the oars which slipped from the rowlocks, were not watching him and his cry as he fell overboard was the first intimation that anything was wrong. The turned just in time to see him plunge backward into the water, but as their oars were not in position for rowing it was some time before they reached the spot where he went down. He went straight to the bottom and did not come to the surface after he disappeared from their sight.

His companions were horror stricken at the accident and rowed with all their strength for the boat landing, where help could be secured and the process of dragging the lake commenced.

Shuff lived half way between Hartford and Lock and is survived by his father, four brothers and four sisters. His mother died five years ago. His father was at once notified of the accident, came to Newark at once, but returned Sunday after making arrangements for the care of the body when it is recovered.

PREMONITION OF DROWNING.
Sandusky, O., Aug. 12.—The body of Nora Hart, the Mansfield girl who was drowned when a boat in which she was rowing with friends off Cedar Point Saturday afternoon capsized, was recovered yesterday afternoon within 10 feet of where she sank. A brother of the dead girl arrived this morning. He said Nora went on the Cedar Point excursion against her parents' wishes. Grace Herron who was with Miss Hart when the boat turned over, and who was rescued barely alive, said that Miss Hart only consented to accompany her on the trip after much persuasion, saying that she felt that something would happen because she had been disobeident.

TWO BOYS DROWNED.
Elkhart, Ind., Aug. 12.—The St. Joseph River claimed two victims yesterday when Charles Hawks, a Lake Shore fireman, and Harold Shasberger, 17-year-old son of Conductor Jack Shasberger, were drowned.

DROWNED AIDING FRIENDS.
Pittsburg, Pa., Aug. 12.—While swimming to shore from a capsized canoe in the Allegheny river near Oakmont last evening to get aid for two companions who were clinging to the overturned craft, Merle W. Jones, aged 21, 403 Larimer avenue, was seized with cramps and drowned.

TWO MORE VICTIMS.
Springfield, Ill., Aug. 12.—Henry C. Hartman was drowned yesterday when a gasoline launch in which he was riding struck a bridge and sank. August Fisher of Christian county, was drowned while swimming.

CHARLES SLANE HURT IN CUTTING SCRAPE SUNDAY

ALLEGED THAT A NEWARK
MOLDER ATTACKED MR. SLANE
WITH SHARP KNIFE.

Assailant Made Good His Escape and
Wounded Man Brought to Newark
For Attention.

Charles Slane, a saloonist at 15 West Main street, was badly injured in a stabbing affray about 11:30 o'clock Sunday night, while returning on a traction car from Buckeye Lake. And as a result is confined to his home 231 West Church street with two knife wounds in his left arm, and a slight cut in his side.

Slane, with a couple of friends, had been to the lake and caught the late car to return to Newark. A young fellow already in the car, sat with his feet in the aisle and when one of the friends of Mr. Slane stumbled over them, he remonstrated with the man, and an argument ensued during which the fellow was struck in the face by Slane for calling him a vile name.

The man, said to be a Newark molder, although he was not known by any of the party, and his two friends got off the car at Hebron, and drawing a large knife stabbed twice at Slane, who was sitting with his left arm out of the window. Both blows took effect and penetrated his arm near the shoulder and inflicted a flesh wound in his side. The friends of the man when they saw this assault called the marshal at Hebron who attempted to place him under arrest. A quick flight on the part of the man who was ordered to halt by the marshal followed and two shots were fired after him without effect.

The arm of the wounded man was bound up, and he was hurried to Newark and placed under the care of Dr. Evans, who found that several stitches were required to close the wounds. The police have been notified.

JULIUS BEECHER DIED SUDDENLY

TYPHOID FEVER WITH ITS COMPLICATIONS CAUSED DEATH OF RAILROADER.

Was Ill But Few Days When His Death Occurred—Was Well Known Conductor.

Mr. Julius Sanford Beecher, one of the oldest and best known passenger conductors on the Baltimore & Ohio railroad is dead. He had been suffering with typhoid fever for the past week and died at his home, 248 West Church street on Sunday afternoon at 4:45 o'clock, aged about 62 years. Mr. Beecher moved to Newark from Outville in 1897 and had lived here with his family ever since. He had been a passenger conductor on the B. & O. railroad for 38 years, and was probably the best known conductor on the road. For a long time his run was between Cincinnati and Wheeling. He was a member of Newark lodge No. 97, F. & A. M., and the funeral which will take place from the residence on Tuesday afternoon, at 2 o'clock, will be under the auspices of that lodge, the services being conducted by the Rev. Mr. Vernon, pastor of the First Presbyterian church, and the interment will be made in Cedar Hill cemetery. A short time ago Mr. Beecher had been given an extended leave of absence by the company and he had recently purchased the James Mills garage in this city.

The deceased is survived by his widow and six children. They are Mrs. A. E. King, this city; Mrs. Yaltrman T. Jamison, Mansfield; Norton, Lynnman, Gladys and Eleanor, all of whom live at home. The funeral will be private.

He was a member of Co. E, 76th O. V. L., under Captain Wehrle, and after serving two years was discharged on doctor's certificate of disability. After recovering his health he re-enlisted in the 20th Ohio Heavy Artillery under Captain Will Evans.

NOTICE OF THE TIME AND MODE

Of Holding the Democratic Primary Elections of Licking County For the Year 1907.

Notice is hereby given by the Democratic Central Committee of Licking county, Ohio, that in convention assembled on the 20th day of July, 1907, it was resolved:

That the primary election of the Democratic party be held under the enactment of the Legislature known as the Bronson Law, on the 7th day of September, 1907, for the purpose of nominating township officers for the various townships of Licking county, and municipal officers for the city of Newark.

And that all persons who are resident electors of the precinct, ward or township in which he desires to vote and voted with the political party holding such primary at the last general election unless he be a first voter who shall become of age on the day following the next general election, shall be entitled to vote at said primary election.

And the Board of Deputy State Supervisors of elections is hereby requested to make such provision as shall be reasonable for the transfer upon the registration books and the registration of all persons who may qualify themselves to vote at the next general election to be held after such primary election.

The polls shall be open from the

hours of 6:30 a. m. to 6:30 p. m. on said day, standard time.

ROBERT W. HOWARD,
Chairman.

O. C. LARASON, Secretary.

The law requires that three notices be posted in each precinct at least ten days before the primary election is held, which duty must be attended to by the Central Committeemen. Printed notices for this purpose will be sent out to the Committeemen by the County Chairman.

All names of candidates to be printed on the primary election tickets must be filed with the Chairman of the Central Committee not later than August 27.
